

# **BISSELL Pet Foundation**

2019 impact report

**without you, there  
is no tomorrow**

215,598 pets impacted & counting!

dear friends,

First of all, I can't tell you how grateful I am for your generous support. When I started BISSELL Pet Foundation in 2011, I knew we could make a difference, but honestly, what we are accomplishing is more than I ever imagined. **With your help, BPF has impacted 215,598 pets and that number increases by the day!** Each year, we are learning how to better support our growing network of 4,783 partner shelters in all 50 states to reduce the homeless pet population. We continue to reach new areas of the country with our grant funding. Together, we are helping to change the outlook for deserving animals who otherwise would not have a chance.

I am so excited about the work BISSELL Pet Foundation is doing! I hope you will enjoy reading about the growth and effectiveness of BPF's Partner Grants, Empty the Shelters events, Grateful Pet Tour, new Rescue Road pilot program, and more. We have spent years refining our programs to make the biggest possible impact, and we are seeing meaningful results that save thousands of lives. During our October nationwide Empty the Shelters event, 3,585 pets from 26 states found homes in just one day! With your donation, we can include more shelters in 2020.

While providing help to so many pets is cause for celebration, overpopulation continues to be a huge problem everywhere. I receive urgent messages daily from partners about overcrowding in their shelters, dogs needing to be rescued from death row, colonies of cats that need care, animals who have been victims of neglect, and cases too sad to even share. My heart breaks over each situation. BPF does our best to respond to as many requests as we can, but we simply don't have the financial resources to say 'yes' every time.

**More than ever before, BPF needs your help.** We don't want to be a band-aid to the pet homelessness situation in our country—I truly believe BPF can be the solution, but we are limited by funding. I ask you to put your trust in us with your giving. Our small team thinks big, knows how to work hard, and is committed to creating a better future for all pets. **Please give to BISSELL Pet Foundation this holiday season to sustain our lifesaving work.** 100% of your donation will go directly to pets in shelters and rescues. The animals are counting on all of us. Let's not let them down, let's save them together.

Thank you for believing in BISSELL Pet Foundation and being the solution for pets in need.

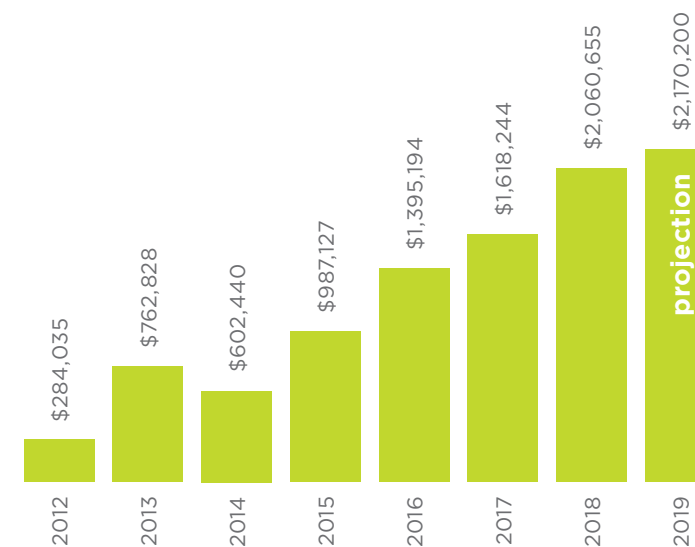

Until every pet has a home,

*Cathy Bissell*

Cathy Bissell  
Founder, BISSELL Pet Foundation

# how we help pets ♥

Millions of pets are in shelters and rescues across the nation. BISSELL Pet Foundation is committed to ending pet homelessness and finding a loving home for every pet. It's a big goal, but together we are making it happen.

## bissell pet foundation grants

adoption • spay & neuter • microchipping • emergency

# rescue road

pilot program saves 120 pets & makes lasting impact

**BISSELL Pet Foundation** is embarking on a new initiative to create change in communities where the outlook for homeless pets is bleak. All too often, pet owners can't afford or get access to spay and neuter, resulting in unwanted litters. Consequently, shelters are overflowing, often in places where there is no foot traffic for adoption. We've witnessed this cycle firsthand in our work with St. Landry Parish Animal Control (SLPAC) in rural Louisiana.

Over the past few years, BPF has been privileged to support and work alongside Director Stacey Alleman McKnight and the SLPAC team. SLPAC consistently houses and cares for more than 300 animals, including dogs, cats, rabbits and horses. Every day, Stacey and her team rescue starving and neglected animals, respond to injuries and emergencies, and take in surrenders. It never ends. Cathy and the BPF team have visited SLPAC on several occasions and have been overwhelmed by the need, and beyond impressed by Stacey's compassion for every animal in her care.

**BPF knew we needed to go deeper than our typical grant funding in places like SLPAC, and as a result, launched Rescue Road with a goal to relocate, and spay and neuter for lasting impact.**

## relocate

In September, Cathy and the BPF team headed to SLPAC with a group of trusted shelter partners to start the program by selecting 120 dogs to relocate for adoption in Michigan. The Rescue Road team tested for heartworm, vaccinated and microchipped the pets before transport to Animal Rescue Corps near Nashville, where they were lovingly cared for while they de-stressed and received a clean bill of health. Many of the pets have already been adopted, including a beautiful black lab momma and her 12 puppies who spent time at BISSELL Headquarters while they regained health.

## spay and neuter

To curb ongoing overpopulation in this part of Louisiana, BPF is launching into phase two of the program with grant funding to spay and neuter 1,800 pets owned by community members. Six spay/neuter clinics over the next year will support St. Landry Parish and the surrounding area. For the best possible success, each clinic will provide access over four days and will offer free sterilization and vaccinations.

**With your support, Rescue Road can be a force for change in communities across the country.**

“One of the most amazing foundations known, BISSELL Pet Foundation. Ms. Cathy Bissell is one of the hardest working, INVESTED supporters of RESCUE...Thank you Ms. Cathy for your dedication to finding answers. Ms. Cathy is a beacon of hope on the darkest of times. She has created avenues of change and hope for so many homeless pets (and their supporters)....I thank you...” Stacey Alleman McKnight, Director, SLPAC

## teamwork makes the dream work!

Thanks to Animal Rescue Corps, A Place to Bark, Detroit Dog Rescue, Harbor Humane Society, Hearts of Hope Dog Rescue, Humane Society of West Michigan, Little Traverse Bay Humane Society, Muskegon Humane Society, and SPCA of Southwest Michigan for partnering in Rescue Road.

## reducing pet homelessness with a large dose of prevention

Spay and neuter continues to be the number one request from BISSELL Pet Foundation's partners, and 2019 is shaping up to be our biggest year for supporting these critical procedures. The combined impact of BPF's Spring Partner Grants, BISSELL Blocktail Party Grants and expected impact of Fall Partner Grants will provide an **estimated 36,817 spay and neuters in 34 states**. Think of all the unwanted puppies and kittens that were saved from entering the shelter system through these grants—it's staggering!

The need is great, and we can't support all of the requests without your help. **In 2019, BPF received 176 grant applications totaling \$2,223,330 for spay and neuter alone!** You can be part of the solution with your donation.

To see more of BPF's grant impact go to [bissellpetfoundation.org/ourworkinaction](https://bissellpetfoundation.org/ourworkinaction)

### thanks from community partners for pets, north carolina

Our organization came upon a financially challenged family in an extremely isolated area. With no electricity and running water, the family seemed to barely be getting by. On a visit, we discovered their female dog had puppies. Spaying their dog was well outside of the family's financial resources and we could provide the procedure with funds from a BPF Partner Grant awarded in May 2019. We thank BISSELL Pet Foundation for being part of our work for many years. Without funding, we could not help these people and pets that so many times feel forgotten, helpless, and hopeless."

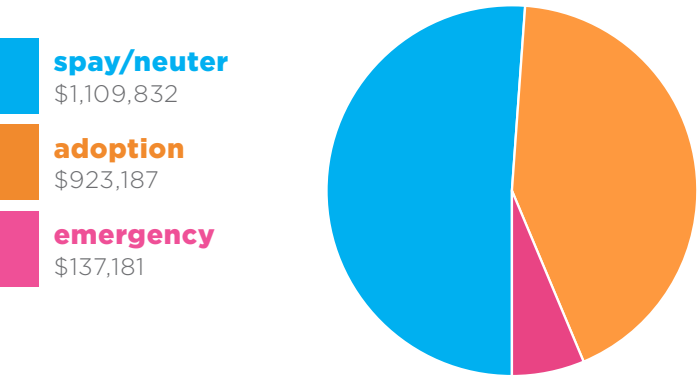

### in our partners' words we wish we could share every story! here are two that touched us.

#### thanks from pacific pug rescue, oregon

10-year-old Zoe was used as a breeder her entire life but given no health care. She was in terrible condition when she came to Pacific Pug Rescue and had to spend almost a week in ICU with severe liver and kidney issues. Once she recovered, Zoe received spay surgery and had mammary tumors removed, which could have been avoided with an earlier spay. The grant from BISSELL Pet Foundation allows us to have the funds needed for spay and neuter surgeries that help us get our Pugs in adoptable condition to live happy lives in loving homes!"

### bissell pet foundation 2019 grants projected through december 31<sup>st</sup>

## help us say 'yes' in emergencies

BPF aims to be a dependable resource for our partners when they face emergency situations. We help pets endangered by natural disasters, puppy mills, hoarding cases, and other life-threatening events. Shelters of all sizes, in urban and rural areas, are desperate for assistance every day and turn to BPF when the unimaginable happens. Because BPF is small, we can react quickly in situations requiring an immediate response.

**“**I can honestly say, it is by far worse than anything I could have ever anticipated.”

Friends Animal Shelter of Cooke County, TN was alerted to a devastating hoarding case with 90 cats and 3 small dogs struggling to stay alive in a mobile home. The home was wall to wall with stacked cages and filled with overflowing litter boxes and an overwhelming smell of ammonia. There were flies, fleas and maggots everywhere. BPF received an urgent plea for help from this trusted partner, hoping we could assist in saving these lives. BPF responded immediately with an emergency grant to fund the medical care needed to give the animals a second chance.

“Thank you so much for your time, energy and effort. We love you guys!”

Elisha Henry, Shelter Director,  
Friends Animal Shelter, Tennessee

meet zyler

# emptythe shelters

## we believe every life matters

It's hard to imagine a better story to show BPF's work coming full circle than Zyler. This beautiful dog was going to be euthanized in a Texas shelter. His back was covered in horrible 4th-degree burns from being left out in the scorching heat, and it honestly looked like acid had been poured on him. His family dumped him at the shelter where he was deemed unadoptable—they felt his burns would deter potential adopters and they didn't have the space or money to treat him.

Cathy received a last-minute message to see if BPF could help Zyler and our response was immediate. BPF named Zyler a Grateful Pet and pledged to get him to Michigan, where we would help him find a home. Partners stepped up to transport Zyler to Harbor Humane Society and everyone who met him along the way fell in love with him—he was so gentle, and great with other cats and dogs. The morning after he arrived, Zyler came to Empty the Shelters at BISSELL Headquarters and he was one of the first adoptions of the day! An amazing family met him and immediately fell in love. They couldn't stop crying. He was everything they hoped for.

To think he would have died at the shelter. I can't say it enough. Give a shelter pet a second chance. Without you, there is no tomorrow." Cathy Bissell

**Empty the Shelters** = BPF's reduced-fee adoption events which promote pet adoption with the top priority of helping homeless pets find families who will love and care for them forever. BPF makes adoption affordable for adopters, while supporting participating organizations with reimbursement for each pet adopted.

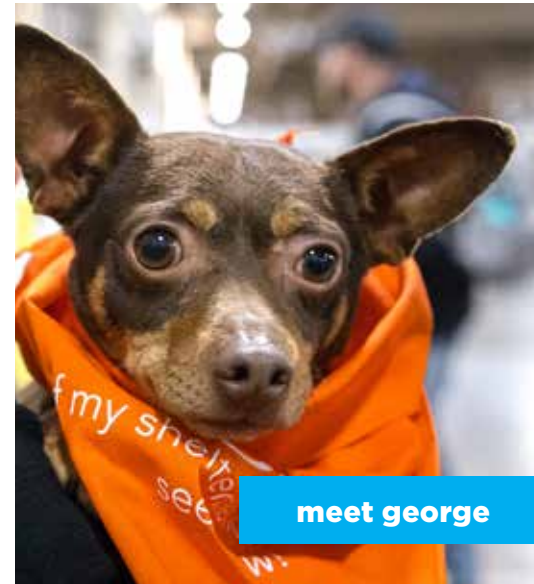

helping our partners in the southwest

## the one who almost got away

We love witnessing pets and people finding each other during Empty the Shelters. In October, Kelley and Todd attended ETS at BISSELL HQ and told us they had been looking for a dog on Petfinder for six months. They needed a dog with just the right temperament and size because this dog would have a special role. Todd has MS, and they were looking for a forever friend who could sit on his lap to keep him company, while still being a good walking dog to help him keep moving.

In the days leading up to ETS, Kelley and Todd spotted George on Wishbone Pet Rescue's website. He was a Chihuahua mix who was everything they wanted, and they couldn't wait to meet him. However, when they arrived at ETS, George was visiting with another couple who was considering adopting him. Kelley and Todd were heartbroken. They decided to wait just in case, and it was worth it! The other couple chose a different pet, and Kelley and Todd were able to get their dream dog! They were so grateful that BISSELL Pet Foundation made the adoption possible. We were thrilled to see George find a forever home, and for Todd to receive his perfect companion. Empty the Shelters gives pets and people the love they need.

**empty the shelters**  
**second chances since 2016**

22 events

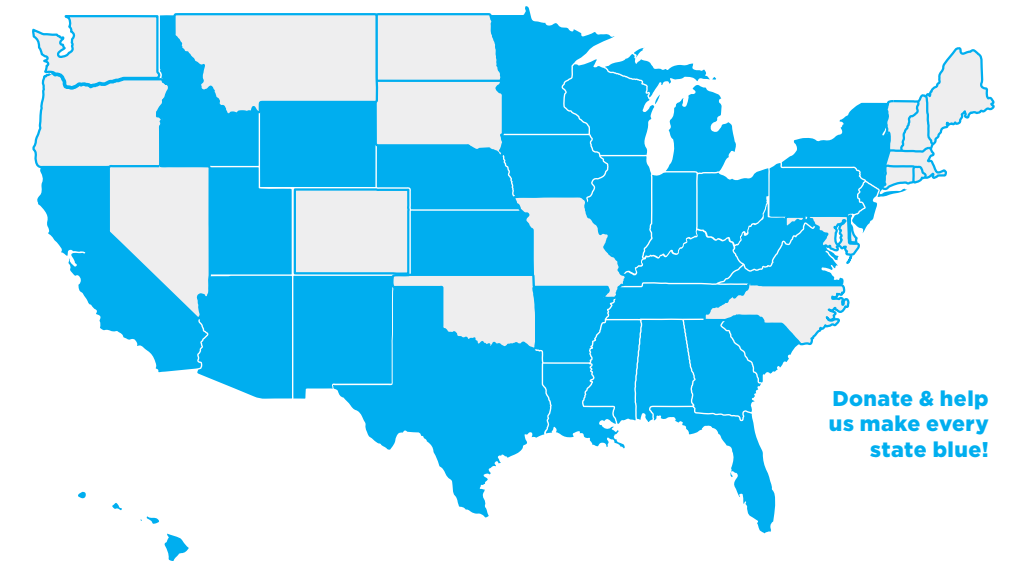

**31** states + canada

**237** participating organizations

**26,969 total adoptions**

**53,938** lives saved

Adoption saves two lives, your pet and the one that takes its place in the shelter.

# the grateful pet tour

## saving pets who need extra support

Last year, Cathy set out to visit BPF’s partners in different geographic regions so we could understand their unique challenges and make a more significant impact. At each stop, Cathy would ask the shelter to identify one special pet who could use extra help to be adopted. The Grateful Pet Tour was born! Now, Cathy is on the road building relationships with shelters and saving pets along the way with up to \$2,500 for veterinary or other care needed to make them adoptable. BPF has provided assistance to 33 Grateful Pets giving them much-deserved second chances!

## get to know a grateful pet

Percible’s story is among the saddest we have known. This precious dog was found in a plastic bag on the side of the road where he was left to die. When Percible was freed from the bag, he was unable to walk; he was panting heavily, covered with maggots, feces, urine, and insects. It was horrifying, but the rescuers made sure he received immediate treatment.

BPF partner, NYC Second Chance Rescue, asked for help and BPF immediately named Percible a Grateful Pet to provide funds for his medical treatment. Percible’s needs were extensive. His limbs had endured strangulation due to the matting of dirty hair. He would need amputation to save part of his front legs and later, prosthetics so he could walk.

After a long recovery, Percible has been adopted and has found an extraordinary woman to cherish, nurture, and protect him. With his new limbs, he can now walk and play, and he is loving life!

We’re so grateful to BISSELL Pet Foundation for supporting Billie, helping her transform from the scared, skinny, neglected dog we found abandoned inside a derelict home to the sweet, loving girl she blossomed into. She definitely had a rough start, but I’m so happy we could work together to give her the second chance she deserves!” Danielle Michael, Michigan Humane Society

# your support rocked!

**BISSELL Blocktail Party, BPF's biggest fundraiser, plays a vital role in our ability to save thousands of pets in shelters and rescues each year.** This year was our most successful Blocktail ever—the most partygoers, most dogs in attendance, and most funds raised! Thanks to the volunteers, sponsors and attendees who Rocked their Blocktails, BPF was able to impact more than 15,000 pets through grants.

'The Best DOG-GONE Party in Town' featured a rock 'n' roll theme, a costume contest, DJ Adrian "AB" Butler, Marvelous Mutts Dog Show, Tito's Handmade Vodka with dog-inspired cocktails, Blocktail IPA, delicious food, the best silent auction around, and much more.

**Save the date for BISSELL Blocktail Party celebrations on June 8 and 9, 2020—you'll want to come. sit. stay!**

# why we give

## Norine & Steve Roach

"We love BPF because they walk the walk—they go into shelters to understand their needs and 100% of the money goes directly to the pets. We love everything they do!"

BISSELL Pet Foundation is truly humbled by your generous support and belief in BPF's mission to help every pet find a loving home. We know many worthy endeavors reach out to you for donations, and we can't thank you enough for making BISSELL Pet Foundation a priority in your giving. We love hearing from you and knowing that BPF's work matters.

For a complete listing of BPF donors, please visit [www.bissellpetfoundation.org/donate/donor-recognition](http://www.bissellpetfoundation.org/donate/donor-recognition)

## Allison & Matt Sevensma

"BISSELL Pet Foundation has a special place in our hearts. Cathy and the team go above and beyond. BPF believes every animal has value, no matter what their breed or background, and that is so important to us. They reach thousands of pets with their programs, helping the pets who seem to be forgotten. We know when we give to BISSELL Pet Foundation, we are saving lives."

Thanks to Waverly for being BPF's youngest donor with proceeds from a lemonade stand!

## Monica & Bo Stover

"We support BPF because of the true generosity and love behind the organization. The genuine love and support that comes from the BPF Team is incredible and evident in so many ways, from the countless hours at shelters in Michigan and around the country saving animals' lives to the dedication of ensuring 100% of contributions go directly to the shelters and rescues who need it. We know our support is going to a place that is in this for the right reasons and makes us proud every year."
