Dec. 2011 | BISSELL Pet Foundation established as a 501(c)(3) nonprofit

2012 | First grant given to Humane Society of West Michigan

Dec. 2021 | BISSELL Pet Foundation celebrates 10 years of saving lives

### Dear Friends,

Ten years ago, I committed to doing everything in my power to help our nation's homeless pets. When BISSELL Pet Foundation started, I had only begun to understand the widespread need and suffering, yet I knew the foundation could make an impact. Whether you've been a supporter and follower from those early days, or if this is your first introduction to BISSELL Pet Foundation, I am grateful for your belief in our mission and support of our work. It takes all of us coming together to save lives.

There have been moments along the way I will never forget: the profound sadness of entering a puppy mill for the first time, being hugged with tears of gratitude by an overwhelmed shelter director, hosting our first Empty the Shelters and watching pets leave with loving families, seeing an Arkansas community line up at dawn for our free spay/neuter clinic—there are too many to list. And, of course, there are all of the pets. I never forget the pets and their stories; each one confirms the value of our mission. As BISSELL Pet Foundation grows, so does my commitment. We will never turn our backs when there is a way to help.

This year, our impact has grown in ways that I would never have imagined in the beginning. BISSELL Pet Foundation collaborates with experts in animal welfare and partners with some of the most dedicated people you will ever meet. Together, we are finding ways to say yes when others have said no. We are saving more lives than ever with our Empty the Shelters events and spay/neuter grants, and have added new lifesaving initiatives with our Transport Program, Healing Heartworm grants, and much more. I hope you will take the time to read about our recent work inside these pages. BISSELL Pet Foundation has come so far in ten years, but we are just hitting our stride and have the programs in place to save more pets with your support.

Ten years is a milestone, but one thing has not changed. Wonderful cats and dogs continue to get left behind in our nation's shelters and they deserve a second chance. You are their hope. Please help us give them that chance.

Until every pet has a home,

Cathy Bissell  
Founder, BISSELL Pet Foundation

**“This is what we do at BPF. We save lives. We help shelters and the people who are making a difference for the animals in their community. We are lucky to partner with incredible organizations because making a difference means working together. I hope you feel the importance of our work and will choose to support us.”** Cathy Bissell

**386,658 Total Pets Impacted**

**5,453** Partner Organizations

**\$16,311,015** Awarded in Grants

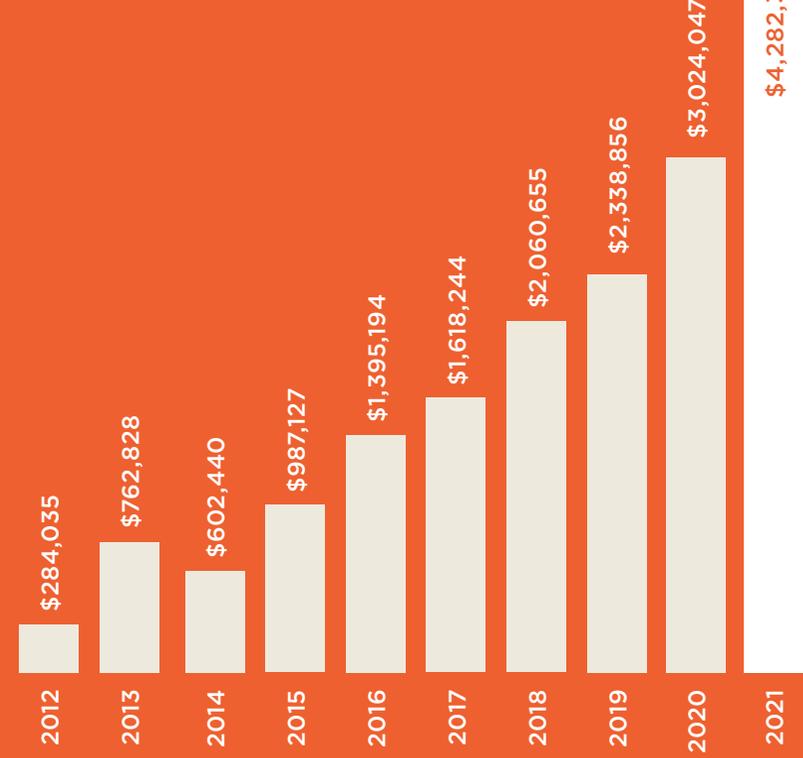

Dec. 2011 – Oct. 1, 2021

### Our Mission

BISSELL Pet Foundation exists to support animal welfare organizations and provide resources to underserved communities. This includes helping to reduce the number of pets in shelters and rescues through adoption, spay/neuter programs, vaccinations, microchipping, and emergency support.

**100% of your donation goes to help pets in need.**

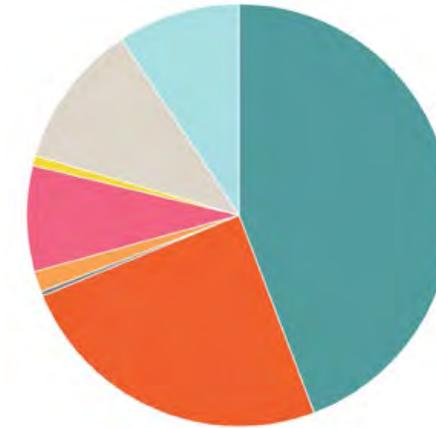

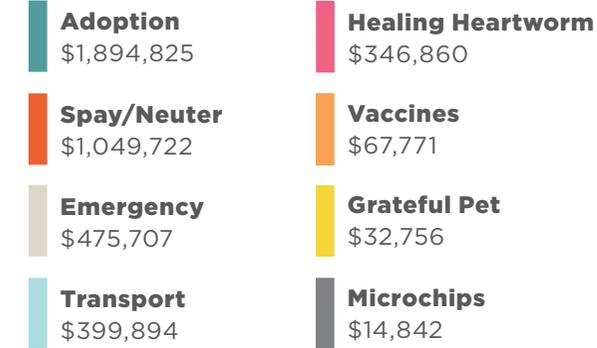

**BISSELL Pet Foundation Grants**

Projected by Dec. 31, 2021

### 2021 Grant Distribution

Projections through December 31, 2021

**“It has been heartwarming to watch the growth of BPF and to know that thousands of animals have been given a second chance because of them. They are going to the places no one wants to go and being a voice for the animals who otherwise wouldn’t have one.”**

Harbor Humane, West Olive, MI

**Dec. 2013** | BPF reaches \$1 million in grants distributed

**Dec. 2014** | BPF Partners for Pets grows to 50 states

**Feb. 2015** | Partner for Pets network reaches 1,000 organizations

**Sep. 2019** | Partner for Pets network reaches 5,000 organizations

**Oct. 2021** | BPF awards 4,233<sup>rd</sup> grant

## Empty the Shelters

BPF's reduced-fee adoption events help homeless pets find families who will love and care for them. We make adoption affordable for prospective pet owners while supporting participating organizations with reimbursement for each pet adopted. Adopters pay no more than \$25 + local license fees.

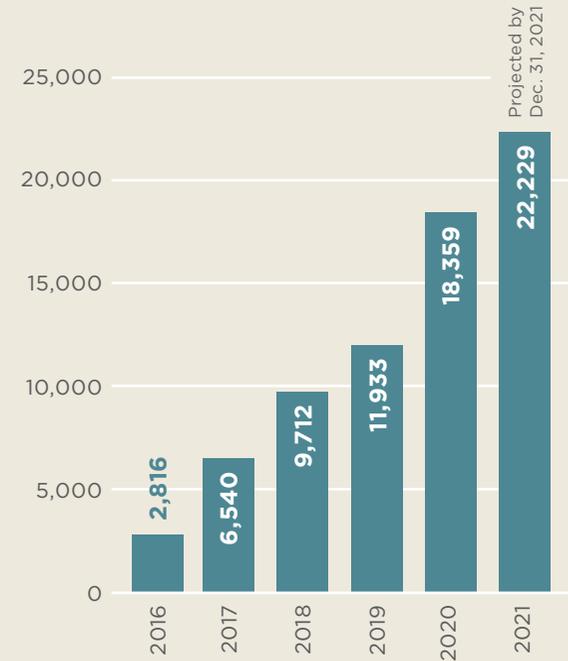

### ETS Success for Seniors

Belky was adopted during a special Empty the Shelters in August 2021, featuring cats, large dogs and seniors. This 15-year-old Australian shepherd mix was covered in maggot-filled puncture wounds after being abandoned on a Michigan highway. She was morbidly obese and unable to walk from an uncontrolled thyroid issue. Saginaw County Animal Care and Control took her in and got her healthy before her transfer to the Humane Society of Midland County. Just a few days later, Belky's new owner adopted her, committing to spoiling her endlessly for the rest of her days.

**"I might not have her long, but I'm going to make sure every day she has is the best day."** said Belky's new owner Breanna Dalton.

## Pets Adopted through ETS

**45 States + Canada**  
**443 Partners | 43 Total Events**  
**67,652 Total Adoptions** Since 2016

**May 2016** | First Empty the Shelters held at 20 locations in Michigan

**Nov. 2016** | ETS expands to include 4 states

## Changing Communities through Empty the Shelters

In July 2017, Maricopa County Animal Care and Control (MCACC) began participating in Empty the Shelters, and since then, **BPF has helped them find homes for 4,789 pets through ETS.** We are grateful for MCACC's commitment to their community and have been proud to support their lifesaving efforts with emergency and special ETS events.

**"We want to send an enormous thank you to Cathy Bissell and BISSELL Pet Foundation for their continued efforts to help shelters by sponsoring Empty the Shelters adoption events. They sponsored a total of 244 adoptions for last week's event! (August 2021) We are so thankful we are your partner and are so proud of everything you do to make our world better for animals."** Maricopa County Animal Care and Control, AZ

### Children Know Adoption is the Best Option

Time after time, it's the children leading their parents to adopt. After weeks of asking his dad to adopt a cat, Parker's family stopped into the City of Cabot Animal Shelter in Arkansas "just to take a look" during the July Empty the Shelters. Immediately, Parker had love at first sight with a little kitten, and with very little convincing, he took his new kitten Millie home. Since then, the two have been inseparable, with Millie always at Parker's side, napping on the sofa while he plays video games. Millie even cuddles with the two dogs in the house! Thanks to our ETS event, Parker and Millie will live a long, happy, snuggly life together.

**Mar. 2017** | First ETS in California - 20 organizations participating

**Jul. 2017** | First ETS in Arizona - 20 organizations participating

## ETS Alum Eastwood: Then & Now

In early 2017, Eastwood was found wandering in the cold Michigan winter, limping and nearly blind. Little Traverse Bay Humane Society knew he needed adopters who could address his medical issues. Sadly, he was the only dog left in the shelter after the May ETS, but thanks to internet fame, Eastwood caught the eye of the Van Gundys.

From day one, Eastwood's new family loved him and ensured he received the best medical care, including eye surgery and a supportive orthotic for his crooked leg, allowing him to be a playful pup. When his family moved from Michigan to Florida, Eastwood settled right into the sunny new location, where he lounges by the lake, enjoys car rides, and cuddles with his family. Thank you to the Van Gundy family for saving Eastwood and giving him the life he deserves!

**Oct. 2021** | Largest ETS in BPF History with 200 organizations in 41 states

## Transport: A Lifeline for Second Chances

This past year, BPF hit the road in more ways than one as we expanded our transport program from ground efforts to include air transports. Utilizing chartered cargo planes, we arrange flights for homeless pets to shelter and rescue partners waiting to find them loving homes. Adding air transport allowed us to move more pets longer distances and faster, making cross-country trips in a few hours instead of a few days, which is less stressful for the dogs and cats on the move. **So far this year, 4,767 pets were transported through our collaborative efforts to both relieve overcrowded shelters and aid our emergency disaster response.** One of our most memorable flights was also one for the record books - in July, we embarked upon the longest transport in BPF history, flying pets from El Paso to Canada!

### Transport Overview Since July 2020

**Total Pets Transported LTD: 5,854**

Dogs: 5,079 | Cats: 775

**Total Transports Missions LTD: 98**

Ground: 87 | Flight: 11

Amelia, Transported by air from The Humane Society of Tulsa to Lucky Dog Animal Rescue, VA on Sep. 8, 2021

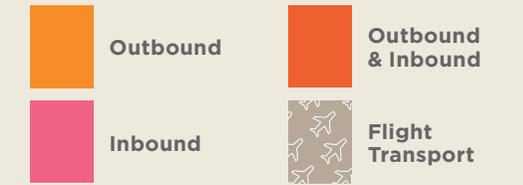

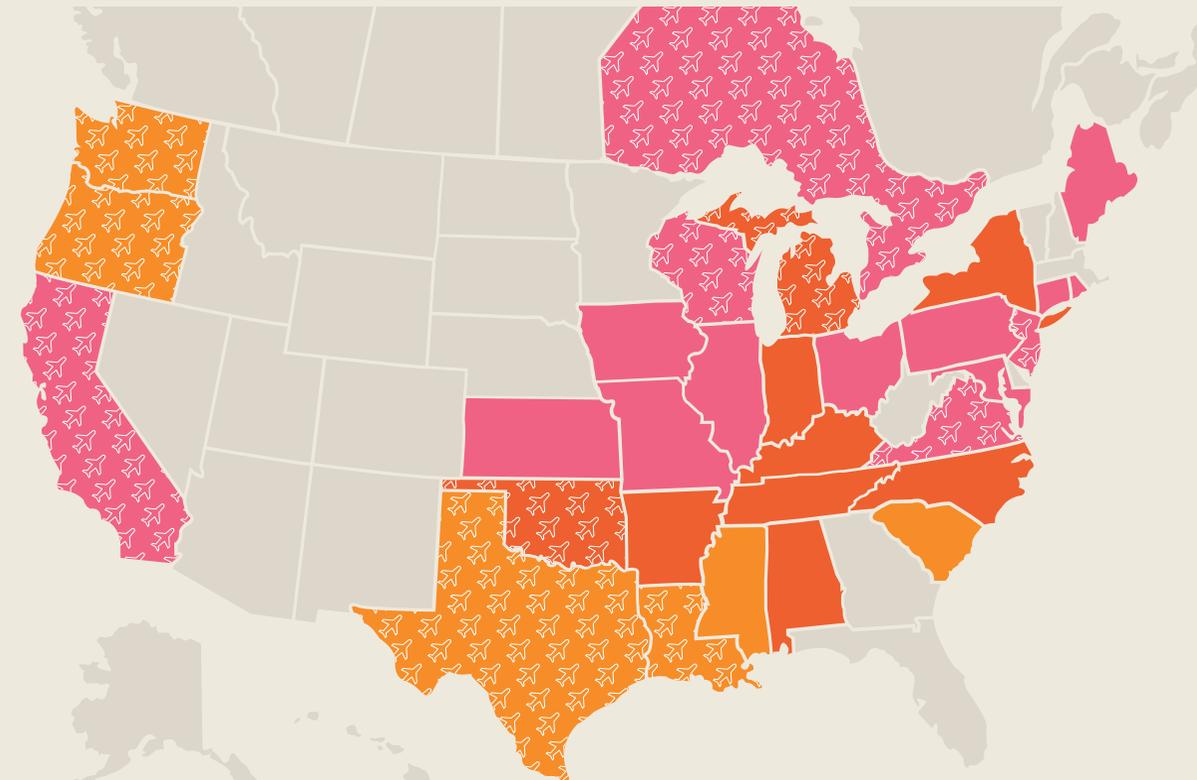

### Punky Punkin's Second Chance

In January 2021, BPF met Punky Punkin at the Humane Society of the Delta in Arkansas, where she was tucked away in a storage room—her back legs were paralyzed, and she was reactive toward humans, having never known love. Fortunately, she got her second chance during our transport of 240 pets to 16 organizations and made her way to Cascades Humane Society in Michigan. After being lovingly rehabilitated, Punky's foster family adopted her. Now she can swim and jump in the car!

## Transporting Pets to Safety Across the Country

By transporting adoptable pets from overcrowded shelters—mainly in the South—to rescue partners with adopters seeking pets, the pets find homes, and lives are saved. BPF has created a critical network to support shelters that previously had nowhere else to turn.

**Total States: 29 States + Canada**

**Total Participating Orgs.: 125 Outbound & 60 Inbound**

**BPF hit a major milestone in September as we transported our 5,000<sup>th</sup> pet in foundation history! Freddy was rescued from Louisiana during Hurricane Ida and flown to a partner in Virginia who is working to find him the best possible home. Transport gave him a second chance at a new life!**

**Jun. 2021** | First air transport flying 92 pets to freedom from Dalhart Animal Control in Texas to Wisconsin

**Aug. 2021** | First transport to Canada flying 84 pets from El Paso, Texas to The Windsor Humane Society

**Sep. 2021** | BPF Transports 5,000<sup>th</sup> pet

## Saving Lives through Spay/Neuter

BISSELL Pet Foundation's grant funding makes it possible for hundreds of trusted partner organizations to spay/neuter tens of thousands of pets each year. BPF grants allow shelters to both safely spay and neuter pets before adopting them out to families and provide these important services to their community members. This key strategy to end pet homelessness prevents unwanted litters and dramatically decreases the number of pets entering shelters. BPF continues to prioritize this lifesaving program to address the root cause of overpopulation but we cannot meet the need. Each year, we receive far more grant requests than we can fund—your support can help us do more.

### Community Spay/Neuter Clinics

Many shelters, especially in rural areas, are continuously overflowing with homeless pets, reflecting the lack of access to spay/neuter in their communities. To address this ongoing crisis, BPF sponsors high-impact community spay/neuter clinics to help pet owners care for their pets and ultimately ease the burden on the local shelter.

### Protecting Communities with Vaccines

In 2021, BPF began a vaccine initiative to protect shelter pets and community pets from needlessly contracting life-threatening illnesses, such as distemper, parvo and rabies. By providing vaccines to shelters that cannot afford them and offering free vaccine clinics to underserved communities, BPF is ensuring healthier shelter populations and healthier family pets. This year, BPF granted \$55,816 in vaccine support, including free clinics for hundreds of families in Arkansas, Louisiana, Michigan, North Carolina, Pennsylvania, South Carolina, Tennessee, and Texas. With your help, we can reach more communities in 2022.

## High-Impact Initiatives

### Amarillo Vaccine Clinic

While BPF hosted numerous free clinics in 2021, one of the largest was in Amarillo, Texas. In partnership with the City of Amarillo Animal Welfare & Management, **BPF paid for and supplied vaccines for 716 pets during this multi-week event in August and September.** Organizers and volunteers from local veterinary clinics, vet schools, and the community arranged a drive-up clinic to ensure social distancing. Thanks to this clinic, pets will be healthier and outbreaks will decrease.

### Arkansas Spay/Neuter Clinic

In May of this year, BPF organized and sponsored a free clinic to make spay/neuter, vaccinations, microchips and heartworm treatment accessible for the people of Helena / West Helena, AR, a rural community in need. Cars lined up around the parking lot before the 7 am start time, and over three days, **222 pets - 137 dogs and 85 cats - were spayed/neutered.** With the need exceeding the clinic's capacity, BPF gave vouchers for free procedures to over 120 additional people for future use.

## Making an Impact Around the Globe

BISSELL Pet Foundation is quickly expanding our aid of homeless pets internationally, with our spay/neuter grants now impacting parts of Australia, Germany, The Netherlands, and The United Kingdom. These grants have impacted 3,729 pets overseas since September 2020 and funded Australia's first-ever Trap, Neuter and Return program.

*Pictured left, cat released in Netherlands TNR program*

**“The [Bissell Pet Foundation] grant has enabled the Australian Pet Welfare Foundation to expand our free community cat sterilization trial to additional low socio-economic suburbs. This will save the lives of many more kittens and cats and allow us to collect further evidence to prove that humane Community Cat Programs based on sterilizing all cats are the best way to reduce urban stray cats in Australia.”** Jacquie Rand, Executive Director and Chief Scientist

**2012** | First S/N grants went to 8 organizations in West Michigan

**Aug. 2018** | C-SNIP receives the largest, single S/N grant of \$64,310

**Feb. 2020** | First spay/neuter clinic in Louisiana

**2020** | BPF joins nation #SpayTogether coalition to provide large-scale spay/neuter relief during Covid pandemic

**May. 2021** | First BPF-run spay/neuter clinic in Arkansas

## Disaster Relief

BPF is ready to help in times of crisis. We aim to be a dependable resource for our partner organizations facing devastating natural disasters and to save pets endangered by life-threatening events. In urban and rural areas, shelters of all sizes turn to BPF, knowing we will react quickly in situations requiring an immediate response.

### BPF's National Shelter Alliance

2021 saw the launch of BISSELL Pet Foundation's National Shelter Alliance, a collaborative effort between BPF, 50 leading shelters from 31 states, and Code 3 Associates, who specialize in disaster response. Alliance members work together to support shelters in need, provide expertise during a crisis and respond to disaster and cruelty situations. Our Alliance membership is growing quickly, with a goal to reach every state to expand our impact.

**Apr. 2015** | BPF's first boots-on-the-ground assistance in a puppy mill case in Kankakee, IL, supporting Animal Rescue Corps to save 81 dogs and 2 cats

**Sep. 2017** | BPF provides relief to Texas & Florida after Hurricanes Harvey & Irma through ETS Emergency event

## Saying Yes to Emergencies

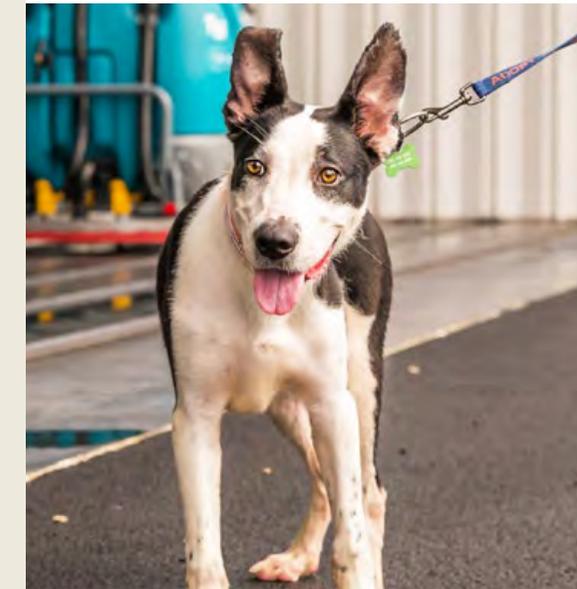

### Urgent Rescue

As part of the emergency response effort, BPF assists with puppy mills, hoarding situations, and cruelty cases. We fund the evacuations of pets in deplorable conditions to shelter partners throughout the country where necessary medical attention is given to the rescued pets.

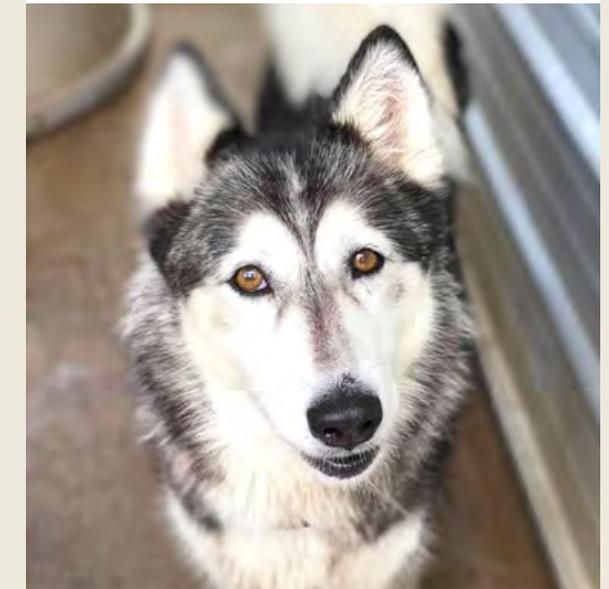

### Hurricane Ida Relief

Hurricane Ida devastated parts of Louisiana and Mississippi, with shelters and rescues alike coping with displaced pets, loss of food and storm damage. BPF, along with partners Code 3 Associates and Humane Society of Tulsa, helped more than 500 impacted pets before, during and after the storm.

### El Paso Overcrowding Crisis

This summer, BPF assisted the City of El Paso Animal Services, a municipal shelter struggling with extreme overcrowding. To address the crisis, BPF transported 326 pets by air; sponsored multiple Empty the Shelters events; and hosted a free community vaccination clinic helping 450 dogs and 100 cats.

**May 2021** | BPF's National Shelter Alliance launches to create a shelter-to-shelter network of assistance for disaster, crisis, and general support

**Sep. 2021** | BPF evacuates homeless pets before and after Hurricane Ida

Belladonna

### Grateful Pets: Meet Belladonna

BPF Grateful Pets receive funding up to \$2,500 for medical or behavioral care to help them get adopted. One such Grateful Pet, Belladonna, was in critical condition with a long-neglected prolapsed rectum and uterus when she was surrendered to Animal Aid for Vermilion Area in Louisiana. BPF supported her surgery, and we are happy to report she has since recovered and is available for adoption.

**Jul. 2018** | Sully, from Maricopa, AZ becomes the first BPF Grateful Pet

### Feed the Shelters

Shelters across the country often struggle to keep the hundreds of pets in their care fed each day. Whether it's due to budget constraints or an emergency, BISSSELL Pet Foundation receives numerous requests for help with food. **In just two years, BPF and our Feed the Shelters program have provided 1,592,618 meals to hungry pets!**

This year, we kept pets' bowls full with 48 shelters in 31 states and Canada receiving grants for food in spring and summer. Thanks to generous donations from Central Garden & Pet and Purina, we were able to extend our assistance to 15 more shelters during times of crisis in the fall. In 2021 alone, BPF delivered 1,228,324 meals!

**"Thanks to this load of food from Cathy Bissell and BISSSELL Pet Foundation, we are able to help multiple rescues helping displaced dogs and puppies, AND the communities hardest hit by Hurricane Ida."** Big Sky Ranch/CATNIP Foundation, St. Tammany Parish, LA

**Mar. 2020** | Feed the Shelters launch—BPF provides 364,294 meals to hungry pets in inaugural year

### Healing Heartworm

A dog with heartworm is just like any other dog – they love to play, snuggle, and have fun. Unfortunately, due to the high cost of treatment, many heartworm-positive shelter dogs are overlooked by adopters, are not desirable for transport to other shelters, and never get help. **In 2021, BPF launched the Healing Heartworm program to save 1,213 pets with the disease and prevent thousands more from contracting it.**

First, destination shelters taking in pets from our transport operations receive funding to treat heartworm-positive dogs. Second, we are proactively supporting 11 shelters committing to transport and treat 1050 heartworm-positive dogs from our southern shelter partners in need. Finally, we are distributing 11,000 doses of preventative medicine to stop future heartworm from occurring. Heartworm is entirely treatable, and we are thrilled to save so many dogs that otherwise would have been left behind.

**"Heartworm is a big, potentially fatal problem for dogs in animal shelters in the South. It drains the life force of dogs in shelters and the hope from the staff and volunteers who care for them. It breaks hearts physically and emotionally. BISSSELL Pet Foundation's Healing Heartworm Program saves those lives and restores hope. It is a great privilege for us to be a part of this bold initiative."**

Main Line Animal Rescue, PA

**Feb. 2021** | Healing Heartworm program launches with first grant to Main Line Animal Rescue, PA

### Meet Pluto!

In July, the BPF team met Pluto at Beauregard Parish Animal Shelter in Louisiana. We transported all the pets out of this underserved, rural shelter, and while each pet is incredibly special, Pluto captured Cathy's heart. While loading the pets onto the cargo plane for transport, Cathy felt compelled to provide extra care for Pluto and arranged for him to be taken to Harbor Humane Society near BPF headquarters in Michigan. After he tested heartworm positive, BPF awarded a Healing Heartworm grant to the shelter to begin treatment immediately. We're happy to report he has since recovered, and because the cost of treatment was not a barrier, Pluto was adopted by a loving family.

## Your Lifesaving Impact

We are so grateful for every donor who supports BISSELL Pet Foundation's mission. Your gifts help us get one step closer to every pet having a loving home. ❤️

### Mariana & Joe

"We adopted Smuggler five years ago, and she's the center of our family and avid protector of our babies. Finding her opened our eyes to how many pets are left behind in shelters. By supporting BPF, we know our donations are saving lives every single day. Cathy's unwavering devotion is inspiring, and we agree- every pet deserves a home. We're honored to be along for the ride to help this team make it happen!"

### Mary & Jim

"We are grateful to witness the passion and love that Cathy Bissell brings to saving pets and her tireless work to find every pet a home. We were fortunate to have a front-row seat to BPF's inception, and fondly recall attending the very first Blocktail event. We love to support Cathy's efforts as she truly walks the walk, personally giving her time and talent to change the plight of animals everywhere. From visiting shelters to closing puppy mills to rescuing forgotten pets in hurricane-ravaged areas, there is no stopping Cathy and BISSELL Pet Foundation."

### Beth & Tito's Handmade Vodka

"At Tito's Handmade Vodka, dogs are a part of our story. In the beginning, strays found their way to the distillery, inspiring us to help them in every way we can. Those early days set the tone, and led us to become the Vodka for Dog People. The vision behind the program is simply to better the lives of pets and the families who love them by donating to animal nonprofits that make real change. Tito's Handmade Vodka is honored to team up with BISSELL Pet Foundation's lifesaving work for the past several years, with our missions aligning to help animals far and wide. This year, we've supported their transport program to relocate homeless pets to parts of the country where shelters are empty, and adopters are seeking pets. Thank you BPF for making the world a better place for our furry friends."

### When you give to BISSELL Pet Foundation, 100% of your contribution helps shelters and pets in need.

Everything we do at BPF relies on your support—your donations are critical to our ability to save lives. As good stewards of your resources, we do our homework to make the largest possible impact across the country. Together, we are changing the outlook for deserving pets who otherwise would not have a chance.

This year, BPF has introduced new ways to give, including cryptocurrency and Venmo (@bissellpets). We also would be pleased to have a conversation with you about including BISSELL Pet Foundation in your will, living trust, or estate plan. To learn more, visit [bissellpetfoundation.org/planned-giving](https://bissellpetfoundation.org/planned-giving).

**Thank you for making BPF a priority in your giving!**

### BISSELL Blocktail Party - Save the Date!

June 6 & 7, 2022

The Best DOG-GONE Party in Town will be back. Join us to party with a purpose for homeless pets. Stay tuned for details!

**Dec. 2011** | \$64,465 raised to start BISSELL Pet Foundation's work

**Jun. 2012** | BISSELL Blocktail Party becomes BPF's annual fundraiser

**Mar. 2018** | BPF begins sale of branded merchandise to support grant funding

**May 2020** | BPF launches Walktail during Covid to provide a healthy peer-to-peer virtual fundraiser

**Aug. 2021** | BPF adds Cryptocurrency and Venmo to giving platforms

## Grants Year-to-Date 2021

BISSELL Pet Foundation supports programs and initiatives focused on addressing the crisis of pet homelessness in our country. Through grant funding for pet adoption, spay/neuter, microchipping, vaccinations, transport and emergency support we are reducing the number of pets in shelters and rescues. **As of October 1, we have awarded 768 grants to touch 61,775 pet lives in 47 states, the District of Columbia and four international locations in 2021. To see all of our work, please visit [bissellpetfoundation.org/our-work-in-action](https://www.bissellpetfoundation.org/our-work-in-action)**

As of October 1, we have awarded **768 grants totaling \$3,170,268** to touch **61,775 pet lives** in 2021. 

**What Our Partners Are Saying**

“I am in awe of all that BISSELL Pet Foundation is doing for animals across the country. Their support of AHS’ adoption and spay/neuter initiatives is making such an impact, and their significant gift to AHS’ future campus will ensure a brighter future for Arizona’s pets.”

**Dr. Steven Hansen, Arizona Humane Society President and CEO**

“The team at Animal Rescue Corps never fails to be inspired by Cathy Bissell and BPF. Not a day goes by that Cathy isn’t changing the lives of animals on a national scale. Thank you, Cathy and BPF! You lead by example, and your compassion and commitment are unparalleled.”

**Animal Rescue Corps, Lebanon, TN**

“Cathy Bissell and BPF have done so much to help transform animal welfare in the city of Detroit. BPF continues to be an example of how collaboration saves lives. Thank you and congratulations on 10 years! Until Every Pet Has a Home! Let’s rescue more together.”

**Detroit Dog Rescue, St. Clair Shores, MI**

“BPF listens to shelters to help us in the ways we need help and not just the ways that look good in a photo op.”

**Hayward Animal Services, Hayward, CA**

“In the ten years Bissell Pet Foundation has been involved in animal welfare, they have changed the landscape for what is possible for shelters like us to accomplish”

**Humane Society of West Michigan, Walker, MI**

“Thank you so much BISSELL Pet Foundation and Cathy Bissell for ALWAYS supporting us little guys out here in the trenches.”

**Lawrence County Humane Society, Louisa, KY**

“Ms. Cathy Bissell pushed to save our pets’ lives when no one knew we existed. The partnership with BPF opened the eyes of the world to us. We carry on a little easier, a little prouder, knowing BPF and Ms. Cathy are here for us. Rural Louisiana has found its hope and hero!”

**Pointe Coupee Animal Shelter, New Roads, LA**

We hope you will help BISSELL Pet Foundation celebrate 10 years with a lifesaving gift that has twice the impact! **BISSELL Inc. is matching donations up to \$100,000 through Jan. 7, 2022.**

The need is great and your support will sustain our programs into our next decade.
